- ▶ Peel the backing paper off and place the transfer on the t-shirt.
- ▶ Cover the design with ten sheets of normal paper and press for 20 seconds.
- ▶ Remove the ten sheets of normal paper and take off the application-tape immediately.
- ▶ Press again with the Glossy Finish (Antistick) for 40 seconds and rub the silicone paper with a towel until the print cools down to avoid the toner sticking to the silicone paper.
